Summary:

Audrey and Emily Rodrigue are back in the Bay Area and no longer considered missing. They checked in with detectives and when we saw them, they were healthy and in good spirits. Audrey stated she was simply enjoying time away with her daughter, traveling through various campsites and points of interest in California. We cannot be specific as to why there may have been a lapse in communication, but the important part is they have been found and everyone is ok.

We truly appreciate all the assistance that the public, media, and various agencies provided.
